

## HISTORICAL TAX SALE PROPERTIES – NOT SOLD AT AUCTION

as of 8/18/2020

The following properties are currently owned by Summit County by virtue of previous tax sales. If you are interested in purchasing one or more of these parcels, the Auditor's Office encourages you to do your due diligence. Parcels are sold "as-is." No warranty or guarantee of ability to obtain title insurance is offered, nor will be offered. A tax deed does not guarantee that title insurance may be obtained. Because property located in Summit County is often valuable, the fact that these properties appear on this list raises many cautions that should be properly vetted and analyzed.
